concthouse and aboling for four homee we almo provided. 'The deoign wae furnithed by Mr. Semith. Jace coconty aurveror, and carried out thy his suecemor, Nr. I'rubetiaw. The hoildian was erocted by Mr. Hartiand, huativer, and auperineonded Lry Mr. G. B. Nichalla, arebisect, both of Wicus Broneriet.

Liverpool. - The Fuver Cormartiee on Tveeday week, at a opecial meeting of the Towa Council, presemted their report on the temiers rectived for the converuction of reservoin and works. "The report whe to the effect, -" That. in accordance with the adrectisement moned. reenty tendero have been received for the execution of the Waterworla, comprising the Rake and Roddleaworth rewervine, the Amgle. zurke rewervoit, and the Rirington reserpoiz, with the ranou - orky contrected therewith. These worke are divided dnto three porions dintinguiabed as contrasta Now. 3. 4, and 5, and ore sepsentely teodered for. After mxture sad untious conaidertion of the various vendera vnor commitite reommend that the tender of Mr. Joho leberwood, for the contract No. 3, at the tum of 20,9066 . 4n. 6 d . : and the tender on Meara. Miller and lawton, fur the contract No. 4, at the eum of 22,3501 . 198. 9d.; and the tender of Mesara. Sentt and Newrell, at the cum of $56,252 \mathrm{~L}$ 8s. 8d. for the comtract No. 5 be, eccepted, and the necensar; contractu pre pared and sealed." The amounts are conna derably below the extimates of the engineet. Tha Act applied for try the Council, after the reception of Mr. Robert Stepbenmots report makes it imperasive on the Council to parchsue all the land required for the eork: withio two yeare from tha pesoing of the Aet, which limi of time will expire on 20th July nest. The report of the committer wate edopted by majnrity of 5, 26 having voted for, and 21 ugainst it.-Bolto Chromiche.

Wïshech.-On Wiedneaday, in Leut week, the founrlation-anne of the new Public Hall wea laid by the Mayor. In a recorú, plarad under the atone, it Was atated that "tho hall and huildings, connected therewith were exected by aharen, donationa, and coatributions, for the general use and econmmodation of the Tem perance Socielies, Mechanica' Jantituke, and all other uneful purposex, eqpecially haviog regard to the accial, meotal, aod moral icoprovement of the people, for whome more innoediate bonefis they ara istended."

Hobbeach.-Tha poor law gundianas bera proyneine to erect an infrraaty, appointed a comnailioe witb inatructione to procead on builder's plan elected by the bourd, and the commiuer hape juxt reported that, after canse prelimianry procedure, they "proceedad to apuk eout the eite of ths propased buibdiag, and gava directiona to Mr. Gulder, the buibder whoue plan bed been selected by your board. to make anotber plan, embodying the propased alcoraliouns and to subrait is to yoor conmituce on the Moaday following, secompanied bf an extimate of the extre cour. Thas sueh amended and enlarged, plan mad eubmitued to your coms-
mittee on the Monday, and of which they unatimonaly approve, but on accoant of the extra cost, amounting to 00 lesa a aum than 163l., and which did not even inelude boarded floor for the male and femmele mard on the groumd floor, and ohich is conaidered abolutuly apcesary, your commitiee did not feel justified in proceeding further withous firat asking for inalrection from your boand. Thas, on elooely iospecting the plan melocted by your boand, it appetred, in the firme imetaber, that the rooms meve out culticiemily lofty, that neitber beth oer receivine-roorns were peojonet to an infirvary mat atoo wamien, and tort the buitdin! iteet $\operatorname{mol}$ not provided with apouting, turnere the dramafe miken inso coomderation. That your comanike are uneni mounly of opinioe ther 10 baild in infirnery poict in she end would not woower the werpoues inconded, woold ealy be an ontire wimet vorse of a permanent patare, a piven ens is not se moch to be booked at at so effricat baiddeng." The corocmitteo therefore acked. and ware mrapted the nacesang powors to
